Do not get caught when sharing objects and avoid also an impact with sharp objects. This manual is published in accordance with the PPE Regulation (EU) 2016/425 and is according to standard EN1836:2015 which are also brought into UK Law and are therefore described in this manual as manufactured to the specifications prescribed by BS24500.

## DEUTSCH MASKEN

Bitte lesen Sie diese Bedienungsanleitung vor dem Gebrauch der Maske sorgfältig. Die Bedienungsanleitung enthält die Anforderungen der PSA-Richtlinie 2014/26/EU (Kategorie II) und der harmonisierten Norm EN 1836:2015, die in das britische Recht überführt wurde. Diese Bedienungsanleitung enthält die Anforderungen der CE-Konformitätserklärung der Maske.

## TECHNISCHE KRITERIEN UND SICHERHEIT

Die Maske muss die folgenden Kriterien erfüllen, um die Anforderungen der CE-Konformitätserklärung zu erfüllen.

## QUESTIONES TECNICAS Y DE SEGURIDAD

La máscara debe cumplir con los siguientes criterios técnicos para cumplir con los requisitos de conformidad con la normativa CE.

## ENGLISH

The mask must meet the following technical criteria to comply with the requirements of the CE mark.

## PERIOD OF USE

The replacement of the use of this product cannot be defined in general. Various factors such as the frequency of use, the frequency of cleaning and the use of the product will influence the replacement of use. Extreme usage conditions can lead to the replacement of use that may result in a shorter product life.

## MAINTENANCE AND STORAGE

Rinse your mask thoroughly with fresh water after each dive. Let it dry in a fresh place away from direct sunlight. When the mask is completely dry, store it in a transport bag or a storage bag.

## DISPOSAL

When the face finally comes when you need to replace your mask with a new SCUBAPRO mask, please refer to the instructions on local regulations and laws.
